

Hello, my name is James Kerry, and, as the Manager of Oak House, in Ormskirk, I would like to take this opportunity to welcome you to our lovely My3 care home for children and young people. We are able to provide for those that have a diagnosis of autism and various complex needs. We offer individual and nurturing support to fulfill the My3 belief that everyone in our care has the opportunity to *live – learn – grow*.

I have been working in social care for 23 years, starting from the age of 16, when I left school. I have worked as a support worker, team leader, deputy manager and now, in my dream job, as a manager. My experience has included working with some of our communities most vulnerable adults and young people; working with complex needs including ADHD, Autism, Down Syndrome, Prader Willi Syndrome, Mental Health and drug and alcohol abuse.

Myself and the team at Oak House believe that all young people have the right to learn, develop and achieve, just as young people in their family homes would live and be together. We offer a 24 hour nurturing environment that gives support for whenever individuals have to face and deal with any difficulties or issues We strive to ensure that all young people, are given the opportunities to reach their full potential in education, socially and emotionally.

At Oak House we try our best to ensure that all young people feel that this is their home from home and not just a place to stay. We listen to their views, wishes and feelings and try to develop the home in a way that makes it feel like home. Everyone has their own individual and personalised planner. We all have great fun going out on a variety of adventures, outings and activities to include sporting events, concerts, attractions and holidays.

All our visitors say Oak House is always a welcoming, smart and clean home, but best of all they say that they see, hear and feel how happy and friendly everyone is whether playing, cooking, working, creating or just enjoying a leisurely and relaxing time watching a movie.

If you would like to discuss and explore placement opportunities, I would be delighted to work with you, along with the triad of My3 services.
