

Christmas 2021 Wood Edge Independent school "*Season's Greetings*"

Wood Edge Independent School

Hello all - parents, carers and My3 staff,

As we approach the end of another academic year, reflecting and embracing the difficulties we have all experienced with Coronavirus and the impact it has had on daily living, there has certainly been a lot of positive changes that have presented themselves at Wood Edge Independent School - WEiS. I would like to thank everyone for their support, communication, understanding and great teamwork. In my seven months as Head Teacher, I have appreciated and enjoyed working within a caring motivated My3 network and environment. This has given me, and all those involved with the education team, the focus needed to take on the challenges of 2021 and work together to improve all areas of our student's school experiences.

With new ventures in place for 2022, including partnerships with other schools, colleges, and universities as well as the launch of our new company website, we are looking forward to the new year as an exciting time for the school. With the recent successful Ofsted registrations of several My3 homes, we will welcome and work with all new students in the Spring Term giving them every opportunity to embrace the school with a thirst for knowledge, learning and fun filled activities to fill the building with laughter and vibrant energy.

Starting a new year also means an important time to support each other and care for those less fortunate than ourselves, making sure friends and family are safe and well is pivotal.

Fingers crossed, there is hope and anticipation that as we learn to live with the pandemic, we can engage the students in more socially inclusive activities, volunteering and external work experience. We will also look to embed a variety of other initiatives, including the My3 values: *Hope Respect Togetherness Fairness*, which will inform all aspects of what we do.

Merry Christmas to you all

*Antony Maynard – Head Teacher WEiS*
